## WEEK 5

### Ko te mutunga orange, he timatatanga kaha! Winning starts with beginning

Well ,we are already counting down to the shortest day and Matariki.

The Year 7 and 8's are having a great time in Dunedin. The conference was inspiring, the steepest street exhausting and the butterfly house beautiful.

They have other adventures yet before they return on Wednesday afternoon.

Year 5 and 6 students have been learning about the constellation Matariki, creating graphs in a statistics unit and have balanced and rolled as part of a gymnastics unit. They have been learning with Mrs McHugo while the year 7 and 8s are away.

The Juniors ice skating starts tomorrow and the children are looking forward to it. Transport is always tricky to organize therefore, please communicate with Helen early and clearly so we can ensure all the Health and Safety measures are in place and that all the students are accounted for.

Juniors will get reading books on a Friday now since Wednesday's ice skating.

The juniors have created rock cycle pictures, and can explain the process - so much learning and now they are busy practicing their mihi.
